

The Brave Tide Foundation is a 501(c)(3) non-profit organization founded in 2012 to provide a wide range of humanitarian services including animal rescue and relocation, emergency preparedness, and educational programs. Based in Boyertown, Pennsylvania, Brave Tide conducts aerial missions to transport animals in need and to deliver supplies to areas impacted by natural disasters. Our other major initiative is supporting educational programs for economically disadvantaged students in the local area. More details about our missions and services can be found by visiting our website: [bravetide.org](http://bravetide.org).

Transporting animals has been a major focus for our organization. Since the start of 2014, Brave Tide has flown over 30,000 miles to transport over 100 animals to their foster and forever homes. Travel time is greatly reduced allowing us to cover great distances in a single day resulting in less stress on the animals. Although travel by air is more expensive than ground transport, we have seen overwhelming benefits for the animals in the reduced travel time and of course the excited families waiting for their new additions.

We have not done this alone. We are very grateful for the support from the Petco Foundation, ASPCA, and individuals and groups who have generously contributed to our life saving missions. As we continue to increase the number of life saving flights undertaken, we look to partner with more individuals, organizations, and businesses. Our organization seeks your support in order to continue our missions and help animals in need! We are looking to partner with you and are offering you the opportunity to become a Brave Tide sponsor. This partnership will help increase awareness of your commitment to supporting life saving missions by helping with the cost of conducting the transport flights.

The details of how this partnership works are on the attached page outlining the different support opportunities. Additionally, your contribution to our 501(c)(3) non-profit organization is tax deductible.

Thank you so much for your support!
